

# Spatial Temporal Activity Recorder (STAR)

## How to find a project or activity using the 'search' function in the map

**Context:** It is possible to find a project or activity via the map by using the map 'search function instead of navigating the program and project lists.

From the main menu (blue bar at the top of the screen) select Map  
The map will display.

The page will refresh with the map occupying most of the screen.

The Search field located at the top right of the map.

Type the name of the project or activity that you are wanting to locate and click Enter

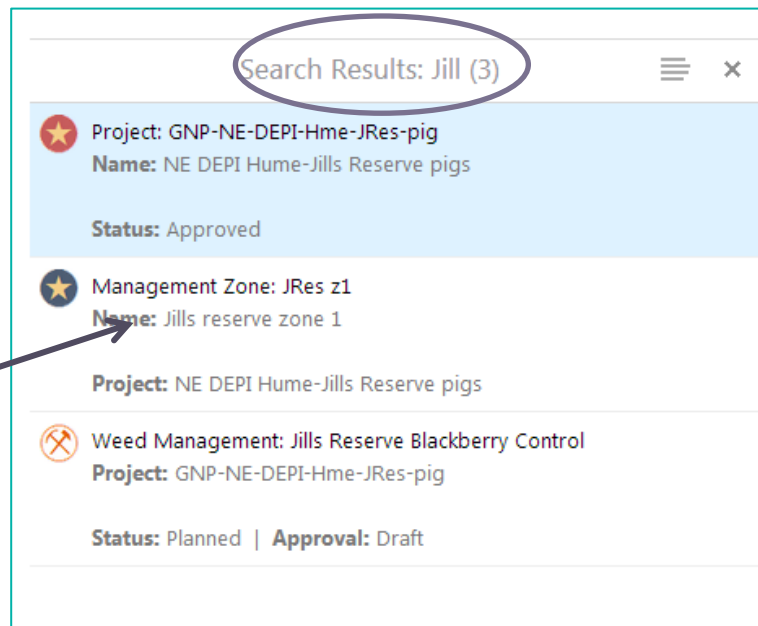

# How to find a project or activity using the 'search' function in the map

The page will refresh with the search results displayed in the left-hand menu.

The number of spatial features that contain your search word(s) is indicated at the top of the list.

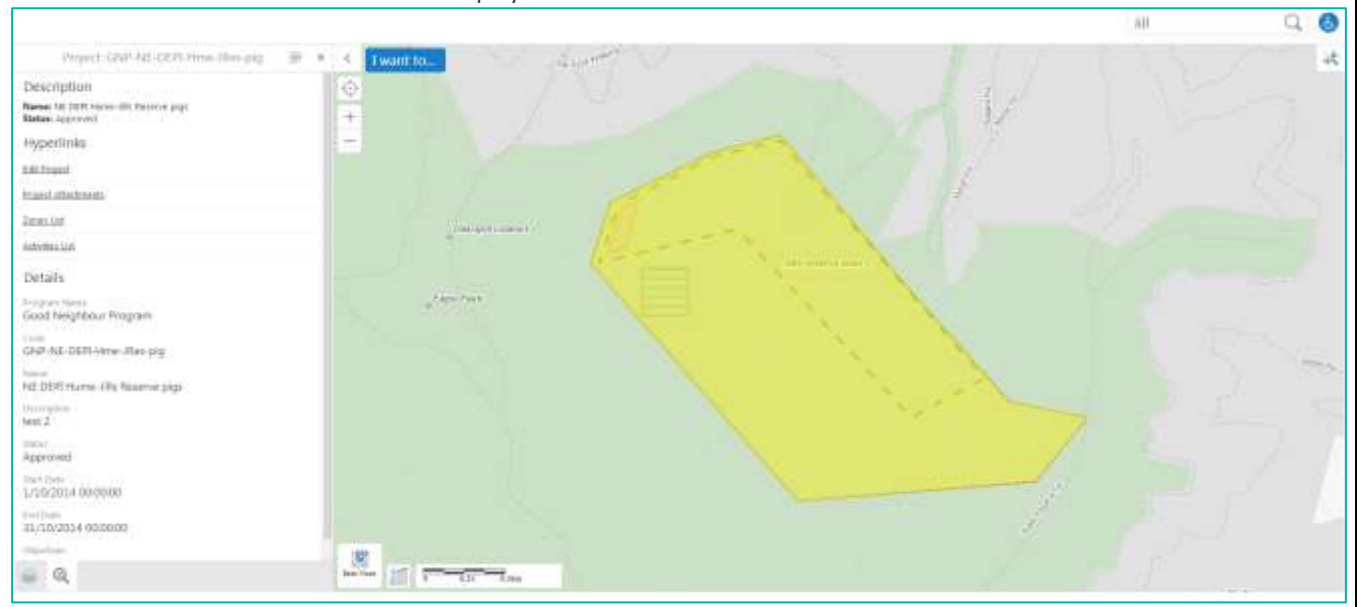

Click the item that you want to access e.g. the project.

The map will refresh, and the feature will be highlighted on the map. The left-hand panel will now display Hyperlinks to take you to the project and activities and attachments that belong to it. The hyperlinks are:

- Edit Project
- Project Attachments
- Zones List
- Activities List

Attributes of the searched item are also displayed
