Wildflowers of the Plains and Low Hills of Northeastern Victoria

This brochure provides a good starting point, but many species can look very similar. For more detailed information, consult these other guides:

- Cunningham, G., Mulham, W., Milthorpe, P. & Leigh, J., 1981. Native Trees and Shrubs of South-eastern Australia
- Calder, M., Calder, J. & McCann, I. 2002. Native Vegetation in the Shepparton Irrigation Region
- Department of Primary Industries, 2007. Other REFERENCES

HOW CAN I HELP?
To help to conserve places where wildflowers persist, you can:
- Ask your Shire to include any wildflower areas in their roadside
- Identify and remove perennial weeds.
- Talk to CMA officers about fencing and grazing management.
- Avoid the application of herbicides and fertilizers.
- Avoid any kind of earthworks in areas with wildflowers and native grasses.
- Talk to DELWP Biodiversity Officers about ecological burns and kangaroo
- Ask your Shire to include any wildflower areas in their roadside
- For more information:
- Caladenia carnea
- Common Wheat-grass ~
- Smooth Solenogyne
- Common Capeweed ~
- Common Tall Everlasting
- Eclipta platyglossa
- Enteropogon acicularis
- Australian Everlasting
- Woolly New Holland Daisy
- Kerria japonica
- Senecio quadridentatus
- Cotton Fireweed
- Microseris scapigera
- Xerochrysum viscosum
- Jersey Cudweed ~
- Podolepis jaceoides
- Warrego Summer-grass
- Brachyscome basaltica var. gracilis
- Chrysocephalum apiculatum
- Yamb Snow-grass
- Showy Podolepis ~
- Podolepis jaceoides
- Common Wallaby-grass
- Common Everlasting
- Blue Burr-daisy
- Brachyscome ciliaris
- July Everlasting
- Common Dock
- Native Gomphrena
- Common Nardoo
- Marsilea drummondii
- Narrow Rock-fern
- Carex inversa
- Carex tereticaulis
- Eleocharis acuta
- Juncus subsecundus
- Juncus holoschoenus
- Juncus amabilis
- Common Spike-sedge
- Knob Sedge
- Common Nardoo
- Periwinkle Sedge
- Carex pontilis
- Caladenia tereticaulis
- Caladenia laevis
- Caladenia maculata
- Caladenia papillosa
- Caladenia speciosa
- Caladenia sp.
- Caladenia prasina
- Caladenia ciliata
- Caladenia flavipes
- Caladenia speciosa
- Caladenia prasina
- Caladenia ciliata
- Caladenia flavipes
- Caladenia speciosa
- Caladenia prasina
- Caladenia ciliata
