# Action Statement Priority Preparation List 2022–2023

Energy, Environment and Climate Action Photo credit Brush-tailed Rock-wallaby Petrogale penicillata - Marcia Riederer

#### Acknowledgment

We acknowledge and respect Victorian Traditional Owners as the original custodians of Victoria's land and waters, their unique ability to care for Country and deep spiritual connection to it. We honour Elders past and present whose knowledge and wisdom has ensured the continuation of culture and traditional practices.

We are committed to genuinely partner, and meaningfully engage, with Victoria's Traditional Owners and Aboriginal communities to support the protection of Country, the maintenance of spiritual and cultural practices and their broader aspirations in the 21st century and beyond.

Threatened communities of flora and fauna6

### Introduction

The *Flora and Fauna Guarantee Act 1988* (FFG Act) establishes a legal and administrative structure to enable and promote the conservation of Victoria's native flora and fauna.

Action statements are one of several legislative tools used to inform conservation and investment decisions to support threatened species and ecological community recovery as well as manage and mitigate potentially threatening processes (PTP).

The FFG Act emphasises the importance of cooperative approaches to biodiversity conservation, recognising that all government agencies and the community can participate in the conservation effort.

To facilitate a collective effort, the Victorian Government Department of Environment, Land, Water and Planning (DELWP) is leading the preparation of action statements for species, communities and PTPs that are listed under the FFG Act.

These lists are updated based on new listings or reassessments at a State and Federal level, the latest versions of which are available here: <u>https://www.environment.vic.gov.au/conserving-</u> <u>threatened-species/threatened-list</u>

The Threatened List currently consists of 1998 taxa (i.e. species, subspecies, varieties) and 42 communities. The Processes List consists of 42 PTPs.

## **Preparing action statements**

The preparation of action statements is a statutory requirement for all listed taxa, communities and PTPs. An action statement sets out what has been done in the past, and identifies potential future actions intended to conserve and/or manage a species, community or PTP.

To expedite the preparation of action statements and support the conservation sector to participate in implementing priority actions, DELWP has developed a new approach:

- 1. Prioritise and publish a list of action statements for preparation
- 2. Standardise and simplify templates
- Align data systems and develop a semiautomation process for action statement preparation
- 4. Facilitate greater collaboration, partnerships and involvement across the conservation sector to prepare and implement action statements.

# **Prioritisation approach**

To prioritise the preparation of action statements, species and communities listed under the FFG Act were assessed against a set of principles classified under the following themes:

- **Obligations and commitments:** alignment with standing public commitments under Regional Forestry Agreements and existing threatened species programs.
- **Ecological need:** alignment with species vulnerability and projected outlook, and urgency for action.
- Social and cultural need: alignment with policy positions (e.g., supporting actions on invasive species) and connections with Traditional Owners.

# 2022–2023 Priority list

This document identifies the priority species and communities of flora and fauna for which action statements will be prepared in 2022/2023.

Table 1. Summary of item type

Item type	Number
Mammals	7
Birds	18
Reptiles	5
Amphibians	2
Fish	16
Invertebrates	13
Vascular plants	33
Ecological communities	6
TOTAL	100

## An invitation to work together

The Victorian Government invites Traditional Owners, government and non-government organisations, private and public land managers to work together to support the preparation and implementation of action statements. We welcome the inclusion of traditional ecological knowledge, and culturally specific actions aligned with self-determination where Traditional Owner groups see fit for incorporation. Contact us at threatened.species@delwp.vic.gov.au so we can partner and collaborate to strengthen the delivery of our conservation management actions to support the vision for Victoria's biodiversity to be healthy, valued and actively cared for.

# **Priority Action Statements for Preparation**

# Vertebrate animals

#### Mammals

Common Name	Scientific Name	Category of Threat
Broad-toothed Rat	Mastacomys fuscus mordicus	Vulnerable
Brush-tailed Rock-wallaby	Petrogale penicillata	Critically Endangered
Eastern Barred Bandicoot	Perameles gunnii	Endangered
Eastern Quoll	Dasyurus viverrinus	Endangered
New Holland Mouse	Pseudomys novaehollandiae	Endangered
Platypus	Ornithorhynchus anatinus	Vulnerable
Sea-lion	Neophoca cinerea	Endangered
Southern Brown Bandicoot	lsoodon obesulus obesulus	Endangered
Southern Bent-winged Bat	Miniopterus orianae bassanii	Critically Endangered
White-footed Dunnart	Sminthopsis leucopus	Vulnerable

#### **Birds**

Common Name	Scientific Name	Category of Threat
Australasian Bittern	Botaurus poiciloptilus	Critically Endangered
Black Falcon	Falco subniger	Critically Endangered
Black-eared Miner	Manorina melanotis	Critically Endangered
Eastern Bristlebird	Dasyornis brachypterus	Critically Endangered
Eastern Curlew	Numenius madagascariensis	Critically Endangered
Helmeted Honeyeater	Lichenostomus melanops cassidix	Critically Endangered
Hooded Plover	Thinornis cucullatus	Vulnerable
Little Tern	Sternula albifrons	Critically Endangered
Mallee Emu-wren	Stipiturus mallee	Endangered
Malleefowl	Leipoa ocellata	Vulnerable
Masked Owl	Tyto novaehollandiae	Critically Endangered
Orange-bellied Parrot	Neophema chrysogaster	Critically Endangered
Plains-wanderer	Pedionomus torquatus	Critically Endangered
Powerful Owl	Ninox strenua	Vulnerable
Regent Honeyeater	Anthochaera phrygia	Critically Endangered
Sooty Owl	Tyto tenebricosa	Endangered
Swift Parrot	Lathamus discolor	Critically Endangered

# Reptiles

Common Name	Scientific Name	Category of Threat
Alpine She-oak Skink	Cyclodomorphus praealtus	Critically Endangered
Diamond Python	Morelia spilota spilota	Critically Endangered
Grassland Earless Dragon	Tympanocryptis pinguicolla	Critically Endangered
Guthega Skink	Liopholis guthega	Critically Endangered
Heath Skink	Liopholis multiscutata	Critically Endangered

#### Amphibians

Common Name	Scientific Name	Category of Threat
Growling Grass Frog	Litoria raniformis	Vulnerable
Southern Barred Frog	Mixophyes balbus	Critically Endangered

#### Fishes

Common Name	Scientific Name	Category of Threat
Australian Grayling	Prototroctes maraena	Endangered
Barred Galaxias	Galaxias fuscus	Critically Endangered
Dargo Galaxias	Galaxias mungadhan	Critically Endangered
Dwarf Galaxias	Galaxiella pusilla	Endangered
East Gippsland Galaxias	Galaxias aequipinnis	Critically Endangered
Empire Gudgeon	Hypseleotris compressa	Critically Endangered
Little Galaxias	Galaxiella toourtkoourt	Endangered
Macquarie Perch	Macquaria australasica	Endangered
McDowall's Galaxias	Galaxias mcdowalli	Critically Endangered
Murray Hardyhead	Craterocephalus fluviatilis	Critically Endangered
Roundsnout Galaxias	Galaxias terenasus	Critically Endangered
Southern Purple-spotted Gudgeon	Mogurnda adspersa	Critically Endangered
Tapered Galaxias	Galaxias lanceolatus	Critically Endangered
Trout Cod	Maccullochella macquariensis	Endangered
West Gippsland Galaxias	Galaxias longifundus	Critically Endangered

# Invertebrate animals

#### Crustaceans

Common Name	Scientific Name	Category of Threat
Alpine Spiny Crayfish	Euastacus crassus	Endangered
Curve-tail Burrowing Crayfish	Engaeus curvisuturus	Endangered
Glenelg Spiny Crayfish	Euastacus bispinosus	Endangered
Mallacoota Burrowing Crayfish	Engaeus mallacoota	Critically Endangered
Narracan Burrowing Crayfish	Engaeus phyllocercus	Endangered
Orbost Spiny Crayfish	Euastacus diversus	Endangered
South Gippsland Spiny Crayfish	Euastacus neodiversus	Endangered
Strzelecki Burrowing Crayfish	Engaeus rostrogaleatus	Endangered

#### Insects

Common Name	Scientific Name	Category of Threat
Eltham Copper Butterfly	Paralucia pyrodiscus lucida <sup>1</sup>	Critically Endangered
Golden Rayed Blue Butterfly	Candalides noelkeri	Endangered
Mt Donna Buang Wingless Stonefly	Riekoperla darlingtoni	Critically Endangered

<sup>1</sup> Under review

4 Action Statement Priority Preparation List 2022–2023

Common Name	Scientific Name	Category of Threat
Glenelg Freshwater Mussel / Bocara Timbon	Hyridella glenelgensis	Critically Endangered

#### Annelids (annelid worms)

Common Name	Scientific Name	Category of Threat
Giant Gippsland Earthworm	Megascolides australis	Endangered
