

Victorian Landcare Facilitator Program

The Victorian Government Landcare Facilitator Program funds 80 part-time Landcare facilitators, employed directly by networks, groups, and other organisations. Landcare facilitators help environmental volunteers protect, enhance and restore the environment.

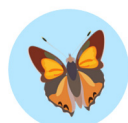

2024 Outcomes

80 part-time Landcare facilitator positions

211 engagement, management, property, and strategic plans established, updated, or reviewed

\$4.56 Million investment by the Victorian Government in 2023-24

\$9+ million funding leveraged for groups and networks from government, corporate & philanthropic sources

743 groups and networks supported by a Landcare facilitator

Biodiversity 2037 Plan

Landcare facilitators coordinated and supported **1,014 community events** including training, field days and workshops

51,307 participants acted and connected with nature.

'I bring volunteers together to work on projects to create a larger impact, I can help them get things off the ground, getting grants, setting up bigger projects. It's very grassroots which is what I love about it.' – Landcare Facilitator

* Data based on 78 submitted annual reports for 2023-24
