

# Landcare for Country

The Landcare for Country Pilot enables self-determination by supporting Traditional Owners and First Nations aspirations and priorities for Country and people. The pilot tests different ways to support First Nations capacity and capability to engage with Landcare to care for Country.

## 2024-25 Outcomes

**Three** pilot partnerships:

- Tati Tati Kaiejin Ltd
- Barengi Gadjin Land Council Aboriginal Corporation
- Duduroa Dhargal Aboriginal Corporation

**320 +** engagement activities in partnership with Landcare Networks.

Projects include:

- Cultural mapping
- Traditional practice
- Traditional burning
- Project Planning
- Field Days

Total of **\$2.2M** funding over four years

Over **825** people attended Cultural Practice workshops delivered by participating Aboriginal organisations.

Native Nursery Greenhouse Established with over **20,000** native cuttings propagated and planted on Country.

## Planned projects

Partnering with Landcare groups to undertake revegetation projects

Undertake Cultural mapping activities with Landcare groups

Continue to increase employment and career development opportunities within each organisation
